

News for November & December

As we near the end of the year, it feels like it's been a busy year but a much more 'normal' one! As manager, I arrived shortly before the start of Covid back in March 2020, I hadn't actually managed a shop or café before (the shop management committee must have been mad to take me on!), anyway my learning curve was pretty steep without the added hurdles of a pandemic! From day one it has felt like a bit of a roller coaster ride but I think I may finally have settled into the role and hopefully that is reflective in what Chiddingly Shop and Café continues to offer the local and wider community.

As your local shop we try to listen to what products customers would like to see on the shelves with ranges from high end organics through to more affordable basics. Just in case you're local and haven't been into your local shop recently, it's worth popping in!

We also keep trying to improve our range of eco-friendly products and have now moved our refills to a higher shelf so that they are easier to access. Please let us know if there are any particular refills that you would like to see in our range or anything else that we don't stock that you would like to buy regularly.

Thank you to everyone who continues to support the shop either as a volunteer, as a customer or as both! Chiddingly has a wonderful community and just like our shop and café you are all very friendly.

Happy Christmas to you all and we look forward to seeing you all in 2024!

Best wishes, Sue
